

A Brush with Kindness

Affordable Home Repair

A Brush with Kindness is the home repair program of Habitat for Humanity of Bucks County. We partner with low-income homeowners to make minor home repairs that preserve their home, make it safe and adapt it to be accessible.

Typical exterior repairs:

- Handicap-accessible ramps, railings or walkways.
- Landscaping to improve drainage or safety.
- Repair of doors, windows, porches, siding or minor roof problems (no new roofs).

Interior home safety repairs:

- Grab bars, railings, reduced tripping hazards.
- Improved lighting and access to outlets & switches.
- Minor bath and kitchen modifications.

Qualified homeowners :

- **Own & reside** in a home in Bucks County needing repairs (no rental properties) .
- Household income below 80% of Bucks’ median family income (see below).
- Up-to-date on property taxes and mortgage payments.
- Can repay part of the costs; zero interest loan available.
- Partner in all aspects of the repair project.
